

ACTIVITY 'FOSTERING ENERGY CONSERVATION AWARENESS IN ORGANIZATIONS'

The Energy, Environment, Safety, and Health Management Center (EESH), in collaboration with Innovation Technology Co., Ltd., organized a participatory energy management training program titled "Fostering Energy Conservation Awareness in Organizations" on November 19, 2025, at the KX Knowledge Xchange Building. The event was inaugurated by Dr. Phatcharat Komolkittikul, CEO, and featured energy conservation expert Anon Chuaykird from the Energy Conservation Research Group (EnConLab) as the keynote speaker.

The event was aimed at developing knowledge, skills, and participation of personnel and staff in energy management. Brainstorming activities were conducted to propose energy conservation strategies within King Mongkut's University of Technology Thonburi (KMUTT). The participants actively exchanged ideas and proposed methods to promote energy and environmental conservation, as well as campaigns to reduce energy usage, aligning with the university's goals of achieving sustainable energy and environmental conservation. The event was attended by over 50 participants and aligns with the SDGs 2030, specifically targeting Goal 4: Quality Education for sustainable learning, Goal 7: Affordable and Clean Energy, and Goal 13: Climate Action for urgent measures against climate change and its impacts.
