

THE ENERGY, ENVIRONMENT, SAFETY, AND HEALTH CENTER (EESH CENTER) ORGANIZED A PRACTICAL TRAINING PROGRAM ON THE ENERGY, ENVIRONMENTAL, AND SAFETY MANAGEMENT SYSTEM AT KMUTT RATCHABURI CAMPUS.

On June 30, 2022, the EESH Center conducted a practical training workshop titled "Energy, Environmental, and Safety Management System at KMUTT." The program was specifically designed for contracted employees at KMUTT Ratchaburi and included the KMUTT Green Nudges Road Show in the New Normal format. The training aimed to raise awareness and understanding of KMUTT's New Normal, energy management systems, waste management, safety, and the KMUTT Green Nudges Road Show among the contracted employees at KMUTT Ratchaburi. The workshop, led by experts from the EESH Center, sought to standardize practices across the university, supporting KMUTT's vision of being a sustainable green university. The event was conducted in accordance with social distancing principles and the practices of KMUTT's New Normal. The activities align with the goals of SDGs 2030, specifically Goal 11 for sustainable cities, emphasizing the safety of university personnel, Goal 12 for responsible consumption and production promoting policies against single-use plastics and foam, and Goal 13 for environmental conservation and energy efficiency to combat global warming.
