

WORLD ENVIRONMENT DAY 2020 AT KMUTT (BANGKHUNTHEIN CAMPUS)

On

5 June 2020, EESH and the Director of Building and Ground Management Institute organized a planting activity in World Environment Day in the theme “Time for Nature: fine out what you can do”. This year, the activity has changed a little bit due to the COVID-19 epidemic situation by social distancing. The purpose is to raise awareness of World Environment Day.
